

What part can I play in its implementation?

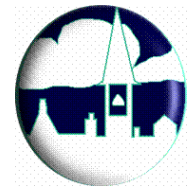

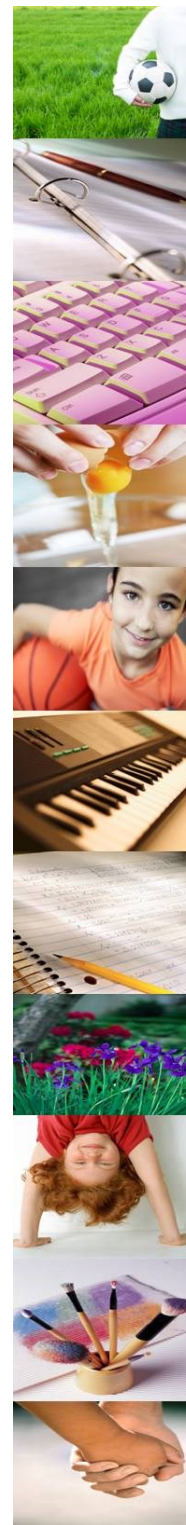

We will continue to inform parents of the school's progress with our development plan.

Parents have a vital role to play—we will continue to consult with you throughout the year.

You can keep informed of up-to-date developments using our School Website, Facebook or Twitter page.

Please contact the school if you have any queries about the content of this leaflet.

Parents as Partners in Learning

Developing Home-School Partnership

School Improvement Plan

Child Friendly Version

We are going to talk more about our learning and understand more about how teachers and pupils learn best. We will be understanding more about good feedback.

We are going to encourage growth mindset, resilience and perseverance through our Bounce Back Programme. We want to have a "can do" it attitude.

We are going to keep encouraging everyone to be involved in making decisions about learning. We will all help use a child friendly HGIOS 4 audit and develop SHANARRI Self-Evaluation.

We want to make sure everyone feels safe and happy at our school. We want children, staff and parents to feel valued and listened too. We will link our work to our continuing RRSA journey.

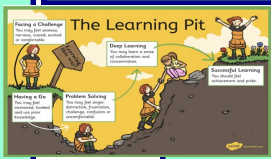

What are we doing to improve our school this year? 2018-19?

We are going to make sure everyone has a voice and can take responsibility in school such as our Pupil Council, Eco, RRS, Health, JRSO Digital Leaders. We will look at how we can use these groups to make the most impact.

We are going to keep using Digital Technology— our ipads, smartboards and laptops to make learning more relevant. We will continue to use Sway and trial See-saw as a profiling tool.

Teachers are going to keep learning from each other to ensure the best results in our school. This year we will be looking at Emergent Literacy, and Visible Learning approaches like the Learning Pit and Growth Mind Set.

We are going to continue to improve our languages French and Spanish across the school with Buddy and team teaching. We will be introducing Mandarin Tasters

We want to continue working with our local businesses such as Macphie, ECV and Burnside Breweries to build two way partnerships to help promote the skills learning, life and work.

We want to refresh our Life-Skills Awards so they link to the DYW skills for life learning and work agenda.

We want to make the school a fair place and give everyone the same start by continuing our breakfast club.
